

Smokefree Policy to protect all pupils from smoke from cigarettes or other tobacco products & vaping devices.

It is the policy of Ravenscroft Nursery School that all children in attendance shall be protected from exposure to smoke from cigarettes or other tobacco products & vaping devices.

Such products and devices may not be used in and around the school premises, entrances and exits, including the fencing area around the school when children and families are gathered to arrive or leave the school.

The school operates in accordance with the EANI policy 'Smokefree Workplace Policy' which is incorporated in to our school policy on smoking.
